FurGuardian is a must-have app for all pet owners! It's packed with features to make caring for your furry friends a breeze. From tracking vet appointments and health records to setting reminders for feeding, grooming, and medication, FurGuardian keeps everything organized in one place. The user-friendly interface and personalized tips based on your pet's breed and age make it stand out. It's a lifesaver for busy pet parents who want to ensure their pets are happy and healthy. Highly recommend!

Very clean looking app, easy to navigate. I really enjoyed the helth fragment. One issue I saw was when adding a new pet the add pet button and the remove pet button overlap eachother. However this doesn't hinder the functionality, only the look and organization.
